Head of School: Mr P. Rock

Message from Mr Rock

This week we celebrated our annual Sports Day. What a fantastic morning of activities. The children showcased sportsmanship throughout.

Thank you to everyone who organised the event, particularly to Miss Blower and our Sports Ambassadors. To our wonderful PTA for providing half time ice lollies and to all our parents/carers for coming along to show their support. It is all very much appreciated.

Congratulations to Blue team who lifted the winners trophy. They celebrated with a non-uniform day today and an extra break time on Monday

On Wednesday a group of girls from Oak Class took part in a dance showcase at Lutterworth College. They enjoyed dancing to Hairspray and Can't Stop the Feeling! Well done everyone.

Back in March we took part in the annual 'Move it March' competition. Congratulations to Jodie in Oak Class for winning the most improved award and to Oak Class as a whole for winning the overall award.

**Be safe,
Be ready,
Be respectful.**

Congratulations Blue Team

Next week is National School Sports Week. We will be doing a variety of sporting events in school and next Friday, 20th June, children are invited to come into school wearing their sports kits if they are part of a sporting team or dress up as their favourite sporting hero.

I hope you have a lovely weekend.

Thank you for your continued support.

Mr Rock
Head of School

Congratulations to our certificate winners this week.

Excellent Work:

Elise, Seren, Ashton and Patrick

Values:

Oakley, Bradley and Dakota

UNIVERSITY OF LEICESTER

Accredited School ROUTE TO RESILIENCE

Go above and beyond!

Upcoming events.

Tue 08/07	Last day of term
Wed 09/07	Summer holidays begin
Tue 26/08	School reopens for pupils

What Parents & Educators Need to Know about GENERATIVE AI SAFETY

Generative AI tools – such as ChatGPT – are now commonly used by children. In fact, 3 in 4 pupils in the 2024 Annual Literacy Survey reported using generative AI, up from just 2 in 5 the previous year. While these tools can boost learning and creativity, they also raise concerns around misinformation, privacy and overuse. This guide explores the key risks and how to support safe use.

WHAT ARE THE RISKS?

MISINFORMATION AND ACCURACY

Generative AI can sometimes produce false or misleading content. Children – and even adults – may assume the information is accurate and trustworthy. This can affect learning and understanding of important topics. It's vital to teach children to critically assess all information, even when it comes from AI.

EXPOSURE TO INAPPROPRIATE CONTENT

Because generative AI is trained on vast datasets from across the internet, there is a chance it may occasionally generate harmful or inappropriate content. Without supervision, children could encounter disturbing or unsuitable material. Active monitoring and clear usage boundaries can help reduce this risk.

PRIVACY AND DATA SECURITY

Some AI tools ask for personal details or store users' interactions. If privacy settings are not correctly configured, children's personal data could be exposed or misused. Teaching good digital hygiene and setting strong privacy controls is essential for protecting children online.

REDUCED CRITICAL THINKING

Relying too heavily on AI-generated responses may reduce children's willingness to think independently. If they consistently use AI to solve problems or complete tasks, it could impact their ability to reason, analyse and form their own ideas. Encouraging thoughtful reflection is key.

DIGITAL DEPENDENCY

Regular use of generative AI can contribute to increased screen time and less real-world interaction. If left unmanaged, it may affect physical activity levels, sleep, and social development. Striking a healthy balance between online and offline activities is important for wellbeing.

UNCLEAR ETHICAL BOUNDARIES

Children may not fully understand the ethical implications of using AI to complete homework or creative tasks. This can lead to unintentional plagiarism or dishonest academic practices. Conversations around responsible use and academic honesty are crucial.

Advice for Parents & Educators

ESTABLISH CLEAR GUIDELINES

Set clear, age-appropriate rules for when and how generative AI can be used. Reinforce these regularly to help children develop a healthy, respectful and informed relationship with the technology.

ENCOURAGE CRITICAL EVALUATION

Help children to question the accuracy of AI-generated information and seek out additional trusted sources. This builds essential digital literacy skills and supports better decision-making.

PROMOTE ACTIVE SUPERVISION

Keep an eye on how the children in your care use AI tools. Check in regularly to ensure they're using them appropriately and be ready to step in if something doesn't feel right.

ENHANCE PRIVACY AWARENESS

Talk to children about the importance of keeping personal information private. Make sure privacy settings are in place and explain how data shared with AI tools could be used.

Meet Our Expert

Brendan O'Keeffe, Deputy Headmaster and Director of Digital Strategy at Eaton House Schools, has extensive expertise in digital safety, safeguarding, and generative AI in education. As an author and speaker on digital literacy and online safety for institutions such as The National College, Brendan guides parents and educators in creating safe digital learning environments.

THE MARC SMITH EDUCATIONAL CHARITY

Clothing Grants 2025

Do you have a child in Year 6 at Claybrooke, Ullesthorpe or another primary school, who will transfer to a secondary school in September 2025?

If so, the Marc Smith Charity will consider applications from parents for clothing grants at their meeting in June 2025.

Grants are only available to pupils living in Ullesthorpe, Claybrooke Magna, Claybrooke Parva and Wibtoft.

Applications will need to contain full details (name, age, address, school attended and the school they are being transferred to) so that the Trustees are able to confirm that applicants are eligible for grants.

All applications should be sent to the Clerk, by email to marcsmith1814@gmail.com.

**For applications to be considered
they must be received by Friday 13th June 2025.**

The decision of the Marc Smith Charity Trustees in all cases is final.

Gypsy Roma Traveller History Month - June

Since 2008 people have celebrated GRT History month throughout June. Through education, raising awareness and activities and celebrations within schools we can help to tackle prejudice and challenge myths and stereotyping around the Travelling community as well as making families feel included.
